ARTICLE 16 PUBLIC FINANCE

SECTION 1. The Legislature shall not, in any manner create any debt or debts, liability or liabilities, which shall, singly or in the aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars (\$300,000), except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within 50 years of the time of the contracting thereof, and shall be irrevocable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect unless it has been passed by a two-thirds vote of all the members elected to each house of the Legislature and until, at a general election or at a direct primary, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated or to the payment of the debt thereby created. Full publicity as to matters to be voted upon by the people is afforded by the setting out of the complete text of the proposed laws, together with the arguments for and against them, in the ballot pamphlet mailed to each elector preceding the election at which they are submitted, and the only requirement for publication of such law shall be that it be set out at length in ballot pamphlets which the Secretary of State shall cause to be printed. The Legislature may, at any time after the approval of such law by the people, reduce the amount of the indebtedness authorized by the law to an amount not less than the amount contracted at the time of the reduction, or it may repeal the law if no debt shall have been contracted in pursuance thereof.

Notwithstanding any other provision of this Constitution, Members of the Legislature who are required to meet with the State Allocation Board shall have equal rights and duties with the nonlegislative members to vote and act upon matters pending or coming before such board for the allocation and apportionment of funds to school districts for school construction purposes or purposes related thereto.

Notwithstanding any other provision of this constitution, or of any bond act to the contrary, if any general obligation bonds of the State heretofore or hereafter authorized by vote of the people have been offered for sale and not sold, the Legislature may raise the maximum rate of interest payable on all general obligation bonds authorized but not sold, whether or not such bonds have been offered for sale, by a statute passed by a two-thirds vote of all members elected to each house thereof.

The provisions of Senate Bill No. 763 of the 1969 Regular Session, which authorize an increase of the state general obligation bond maximum interest rate from 5 percent to an amount not in excess of 7 percent and eliminate the maximum rate of interest payable on notes given in anticipation of the sale of such bonds, are hereby ratified.

SEC. 1.3. (a) For the purposes of Section 1, a "single object or work," for which the Legislature may create a debt or liability in excess of three hundred thousand dollars (\$300,000) subject to the requirements set forth in Section 1, includes the funding of an accumulated state budget deficit to the extent, and in the amount,

that funding is authorized in a measure submitted to the voters at the March 2, 2004, statewide primary election.

(b) As used in subdivision (a), "accumulated state budget deficit" means the aggregate of both of the following, as certified by the Director of Finance:

(1) The estimated negative balance of the Special Fund for Economic Uncertainties arising on or before June 30, 2004, not including the effect of the estimated amount of net proceeds of any bonds issued or to be issued pursuant to the California Fiscal Recovery Financing Act (Title 17 (commencing with Section 99000) of the Government Code) and any bonds issued or to be issued pursuant to the measure submitted to the voters at the March 2, 2004, statewide primary election as described in subdivision (a).

(2) Other General Fund obligations incurred by the State prior to June 30, 2004, to the extent not included in that negative balance.

(c) Subsequent to the issuance of any state bonds described in subdivision (a), the State may not obtain moneys to fund a year-end state budget deficit, as may be defined by statute, pursuant to any of the following: (1) indebtedness incurred pursuant to Section 1 of this article, (2) a debt obligation under which funds to repay that obligation are derived solely from a designated source of revenue, or (3) a bond or similar instrument for the borrowing of moneys for which there is no legal obligation of repayment. This subdivision does not apply to funding obtained through a short-term obligation incurred in anticipation of the receipt of tax proceeds or other revenues that may be applied to the payment of that obligation, for the purposes and not exceeding the amounts of existing appropriations to which the resulting proceeds are to be applied. For purposes of this subdivision, "year-end state budget deficit" does not include an obligation within the accumulated state budget deficit as defined by subdivision (b).

CALIFORNIA CONSTITUTION ARTICLE 16 PUBLIC FINANCE

SEC. 1.5. The Legislature may create and establish a "General Obligation Bond Proceeds Fund" in the State Treasury, and may provide for the proceeds of the sale of general obligation bonds of the State heretofore or hereafter issued, including any sums paid as accrued interest thereon, under any or all acts authorizing the issuance of such bonds, to be paid into or transferred to, as the case may be, the "General Obligation Bond Proceeds Fund." Accounts shall be maintained in the "General Obligation Bond Proceeds Fund" of all moneys deposited in the State Treasury to the credit of that fund and the proceeds of each bond issue shall be maintained as a separate and distinct account and shall be paid out only in accordance with the law authorizing the issuance of the particular bonds from which the proceeds were derived. The Legislature may abolish, subject to the conditions of this section, any fund in the State Treasury heretofore or hereafter created by any act for the purpose of having deposited therein the proceeds from the issuance of bonds if such proceeds are transferred to or paid into the "General Obligation Bond Proceeds Fund" pursuant to the authority granted in this section; provided, however, that nothing in this section shall prevent the Legislature from re-establishing any bond proceeds fund so abolished and transferring back to its credit all proceeds in the "General Obligation Bond Proceeds Fund" which constitute the proceeds of the particular bond fund being re-established.

Each measure providing for the preparation, issuance and sale of bonds of the State of California shall hereafter be submitted to the electors in the form of a bond act or statute.

(b) The provisions of this Constitution enumerated in subdivision (c) of this section are repealed and such provisions are continued as statutes which have been approved, adopted, legalized, ratified, validated, and made fully and completely effective, by means of the adoption by the electorate of a ratifying constitutional amendment, except that the Legislature, in addition to whatever powers it possessed under such provisions, may amend or repeal such provisions when the bonds issued thereunder have been fully retired and when no rights thereunder will be damaged.

(c) The enumerated provisions of this Constitution are: Article XVI, Sections 2, 3, 4, 41/2, 5, 6, 8, 81/2, 15, 16, 16.5, 17, 18, 19, 19.5, 20 and 21.

SEC. 8. (a) From all state revenues there shall first be set apart the moneys to be applied by the State for support of the public school system and public institutions of higher education.

(b) Commencing with the 1990-91 fiscal year, the moneys to be applied by the State for the support of school districts and community college districts shall be not less than the greater of the following amounts:

(1) The amount which, as a percentage of General Fund revenues which may be appropriated pursuant to Article XIII B, equals the percentage of General Fund revenues appropriated for school districts and community college districts, respectively, in fiscal year 1986-87.

(2) The amount required to ensure that the total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes shall not be less than the total amount from these sources in the prior fiscal year, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment and adjusted for the change in the cost of living pursuant to paragraph (1) of subdivision (e) of Section 8 of Article XIII B. This paragraph shall be operative only in a fiscal year in which the percentage growth in California per capita personal income is less than or equal to the percentage growth in per capita General Fund revenues plus one half of one percent.

(3) (A) The amount required to ensure that the total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes shall equal the total amount from these sources in the prior fiscal year, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment and adjusted for the change in per capita General Fund revenues.

(B) In addition, an amount equal to one-half of one percent times the prior year total allocations to school districts and community colleges from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment.

(C) This paragraph (3) shall be operative only in a fiscal year in which the percentage growth in California per capita personal income in a fiscal year is greater than the percentage growth in per capita General Fund revenues plus one half of one percent.

(c) In any fiscal year, if the amount computed pursuant to paragraph (1) of subdivision (b) exceeds the amount computed pursuant to paragraph (2) of subdivision (b) by a difference that exceeds one and one-half percent of General Fund revenues, the amount in excess of one and one-half percent of General Fund revenues shall not be considered allocations to school districts and community colleges for

purposes of computing the amount of state aid pursuant to paragraph (2) or 3 of subdivision (b) in the subsequent fiscal year.

(d) In any fiscal year in which school districts and community college districts are allocated funding pursuant to paragraph (3) of subdivision (b) or pursuant to subdivision (h), they shall be entitled to a maintenance factor, equal to the difference between (1) the amount of General Fund moneys which would have been appropriated pursuant to paragraph (2) of subdivision (b) if that paragraph had been operative or the amount of General Fund moneys which would have been appropriated pursuant to subdivision (b) had subdivision (b) not been suspended, and (2) the amount of General Fund moneys actually appropriated to school districts and community college districts in that fiscal year.

(e) The maintenance factor for school districts and community college districts determined pursuant to subdivision (d) shall be adjusted annually for changes in enrollment, and adjusted for the change in the cost of living pursuant to paragraph (1) of subdivision (e) of Section 8 of Article XIII B, until it has been allocated in full. The maintenance factor shall be allocated in a manner determined by the Legislature in each fiscal year in which the percentage growth in per capita General Fund revenues exceeds the percentage growth in California per capita personal income. The maintenance factor shall be reduced each year by the amount allocated by the Legislature in that fiscal year. The minimum maintenance factor amount to be allocated in a fiscal year shall be equal to the product of General Fund revenues from proceeds of taxes and one-half of the difference between the percentage growth in per capita General Fund revenues from proceeds of taxes and in California per capita personal income, not to exceed the total dollar amount of the maintenance factor.

(f) For purposes of this section, "changes in enrollment" shall be measured by the percentage change in average daily attendance. However, in any fiscal year, there shall be no adjustment for decreases in enrollment between the prior fiscal year and the current fiscal year unless there have been decreases in enrollment between the second prior fiscal year and the prior fiscal year and between the third prior fiscal year and the second prior fiscal year.

(h) Subparagraph (B) of paragraph (3) of subdivision (b) may be suspended for one year only when made part of or included within any bill enacted pursuant to Section 12 of Article IV. All other provisions of subdivision (b) may be suspended for one year by the enactment of an urgency statute pursuant to Section 8 of Article IV, provided that the urgency statute may not be made part of or included within any bill enacted pursuant to Section 12 of Article IV.

(b) Notwithstanding the provisions of Article XIII B, funds allocated pursuant to this section shall not constitute appropriations subject to limitation.

SEC. 16. All property in a redevelopment project established under the Community Redevelopment Law as now existing or hereafter amended, except publicly owned property not subject to taxation by reason of that ownership, shall be taxed in proportion to its value as provided in Section 1 of this article, and those taxes (the word "taxes" as used herein includes, but is not limited to, all levies on an ad valorem basis upon land or real property) shall be levied and collected as other taxes are levied and collected by the respective taxing agencies.

The Legislature may provide that any redevelopment plan may contain a provision that the taxes, if any, so levied upon the taxable property in a redevelopment project each year by or for the benefit of the State of California, any city, county, city and county, district, or other public corporation (hereinafter sometimes called "taxing agencies") after the effective date of the ordinance approving the redevelopment plan, shall be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of those taxing agencies upon the total sum of the assessed value of the taxable property in the redevelopment project as shown upon the assessment roll used in connection with the taxation of that property by the taxing agency, last equalized prior to the effective date of the ordinance, shall be allocated to, and when collected shall be paid into, the funds of the respective taxing agencies as taxes by or for those taxing agencies on all other property are paid (for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment project on the effective date of the ordinance but to which that territory has been annexed or otherwise included after the ordinance's effective date, the assessment roll of the county last equalized on the effective date of that ordinance shall be used in determining the assessed valuation of the taxable property in the project on that effective date); and

(b) Except as provided in subdivision (c), that portion of the levied taxes each year in excess of that amount shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed or otherwise) incurred by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project. Unless and until the total assessed valuation of the taxable property in a redevelopment project exceeds the total assessed value of the taxable property in the project as shown by the last equalized assessment roll referred to in subdivision (a), all of the taxes levied and collected upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies. When the loans, advances, and indebtedness, if any, and interest thereon, have been paid, then all moneys thereafter received from taxes upon the taxable property in the redevelopment project

shall be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(c) That portion of the taxes identified in subdivision (b) which are attributable to a tax rate levied by a taxing agency for the purpose of producing revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness for the acquisition or improvement of real property shall be allocated to, and when collected shall be paid into, the fund of that taxing agency. This paragraph shall only apply to taxes levied to repay bonded indebtedness approved by the voters of the taxing agency on or after January 1, 1989.

The Legislature may also provide that in any redevelopment plan or in the proceedings for the advance of moneys, or making of loans, or the incurring of any indebtedness (whether funded, refunded, assumed, or otherwise) by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project, the portion of taxes identified in subdivision (b), exclusive of that portion identified in subdivision (c), may be irrevocably pledged for the payment of the principal of and interest on those loans, advances, or indebtedness.

It is intended by this section to empower any redevelopment agency, city, county, or city and county under any law authorized by this section to exercise the provisions hereof separately or in combination with powers granted by the same or any other law relative to redevelopment agencies. This section shall not affect any other law or laws relating to the same or a similar subject but is intended to authorize an alternative method of procedure governing the subject to which it refers.

The Legislature shall enact those laws as may be necessary to enforce the provisions of this section.

The State shall not in any manner loan its credit, nor shall it subscribe to, or be interested in the stock of any company, association, or corporation, except that the State and each political subdivision, district, municipality, and public agency thereof is hereby authorized to acquire and hold shares of the capital stock of any mutual water company or corporation when the stock is so acquired or held for the purpose of furnishing a supply of water for public, municipal or governmental purposes; and the holding of the stock shall entitle the holder thereof to all of the rights, powers and privileges, and shall subject the holder to the obligations and liabilities conferred or imposed by law upon other holders of stock in the mutual water company or corporation in which the stock is so held.

Notwithstanding any other provisions of law or this Constitution to the contrary, the retirement board of a public pension or retirement system shall have plenary authority and fiduciary responsibility for investment of moneys and administration of the system, subject to all of the following:

(a) The retirement board of a public pension or retirement system shall have the sole and exclusive fiduciary responsibility over the assets of the public pension or retirement system. The retirement board shall also have sole and exclusive responsibility to administer the system in a manner that will assure prompt delivery of benefits and related services to the participants and their beneficiaries. The assets of a public pension or retirement system are trust funds and shall be held for the exclusive purposes of providing benefits to participants in the pension or retirement system and their beneficiaries and defraying reasonable expenses of administering the system.

(b) The members of the retirement board of a public pension or retirement system shall discharge their duties with respect to the system solely in the interest of, and for the exclusive purposes of

providing benefits to, participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the system. A retirement board's duty to its participants and their beneficiaries shall take precedence over any other duty.

(c) The members of the retirement board of a public pension or retirement system shall discharge their duties with respect to the system with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

(d) The members of the retirement board of a public pension or retirement system shall diversify the investments of the system so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly not prudent to do so.

(e) The retirement board of a public pension or retirement system, consistent with the exclusive fiduciary responsibilities vested in it, shall have the sole and exclusive power to provide for actuarial services in order to assure the competency of the assets of the public pension or retirement system.

(f) With regard to the retirement board of a public pension or retirement system which includes in its composition elected employee members, the number, terms, and method of selection or removal of members of the retirement board which were required by law or otherwise in effect on July 1, 1991, shall not be changed, amended, or modified by the Legislature unless the change, amendment, or modification enacted by the Legislature is ratified by a majority vote of the electors of the jurisdiction in which the participants of the system are or were, prior to retirement, employed.

(g) The Legislature may by statute continue to prohibit certain investments by a retirement board where it is in the public interest to do so, and provided that the prohibition satisfies the standards of fiduciary care and loyalty required of a retirement board pursuant to this section.

(h) As used in this section, the term "retirement board" shall mean the board of administration, board of trustees, board of directors, or other governing body or board of a public employees' pension or retirement system; provided, however, that the term "retirement board" shall not be interpreted to mean or include a governing body or board created after July 1, 1991 which does not administer pension or retirement benefits, or the elected legislative body of a jurisdiction which employs participants in a public employees' pension or retirement system.

(b) Notwithstanding subdivision (a), on or after the effective date of the measure adding this subdivision, in the case of any school district, community college district, or county office of education, any proposition for the incurrence of indebtedness in the form of general obligation bonds for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, shall be adopted upon the approval of 55 percent of the voters of the district or county, as appropriate, voting on the proposition at an election. This subdivision shall apply only to a proposition for the incurrence of indebtedness in the form of general obligation bonds for the purposes specified in this subdivision if the proposition meets all of the accountability requirements of paragraph (3) of subdivision (b) of Section 1 of Article XIII A.

(c) When two or more propositions for incurring any indebtedness or liability are submitted at the same election, the votes cast for and against each proposition shall be counted separately, and when two-thirds or a majority or 55 percent of the voters, as the case may be, voting on any one of those propositions, vote in favor thereof, the proposition shall be deemed adopted.

CALIFORNIA CONSTITUTION ARTICLE 16 PUBLIC FINANCE

SEC. 19. All proceedings undertaken by any chartered city, or by any chartered county or by any chartered city and county for the construction of any public improvement, or the acquisition of any property for public use, or both, where the cost thereof is to be paid in whole or in part by special assessment or other special assessment taxes upon property, whether the special assessment will be specific or a special assessment tax upon property wholly or partially according to the assessed value of such property, shall be undertaken only in accordance with the provisions of law governing: (a) limitations of costs of such proceedings or assessments for such proceedings, or both, in relation to the value of any property assessed therefor; (b) determination of a basis for the valuation of any such property; (c) payment of the cost in excess of such limitations; (d) avoidance of such limitations; (e) postponement or abandonment, or both, of such proceedings in whole or in part upon majority protest, and particularly in accordance with such provisions as contained in Sections 10, 11 and 13a of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 or any amendments, codification, reenactment or restatement thereof.

Notwithstanding any provisions for debt limitation or majority protest as in this section provided, if, after the giving of such reasonable notice by publication and posting and the holding of such public hearing as the legislative body of any such chartered county, chartered city or chartered city and county shall have prescribed, such legislative body by no less than a four-fifths vote of all members thereof, finds and determines that the public convenience and necessity require such improvements or acquisitions, such debt limitation and majority protest provisions shall not apply.

Nothing contained in this section shall require the legislative body of any such city, county, or city and county to prepare or to cause to be prepared, hear, notice for hearing or report the hearing of any report as to any such proposed construction or acquisition or both.

Draft

Process for Appeal of Measure B/Measure F Taxes

This is a draft to provide a process for appeal by Newcastle Fire Protection District Taxpayers of the assessment of Measure B and/or Measure F taxes. Currently, Newcastle Fire Protection District is using the services of SCI, a consulting firm, to verify these special assessments. A portion of our last billing of \$16,500 was for this service. SCI will be under contract to the district until June 30, 2013. The SCI contract was signed by the previous board of directors.

This is a suggestion for the process to resolve a Measure B/Measure F assessment dispute:

- If you have a dispute regarding the proper calculation of your Measure F tax for tax year 2012/2013 only or Measure B tax amount:
 - Contact Susan Barnes at SCI at 1-707-430-4300 and explain your issue
 - If you are not satisfied with the explanation that you receive from SCI, then please contact Newcastle Fire at PO Box 262, Newcastle, CA 95658 and request a review from the Board of Directors.
- If you have a disagreement as to how Measure F was calculated in years prior to 2012/2013:
 - Contact the NFPD Board of Directors at PO Box 262, Newcastle, CA 95658.
- If you have a dispute regarding your parcels and wish to combine them:
 - Contact the Office of the Placer County Assessor at 1-530-889-4300 and request a form PCA627 (Assessor's Parcel Boundary Change Request). This form can also be found on www.placer.ca.gov/assessor under forms.
 - If the assessor's office is unable to process your request to combine parcels, then file an appeal with the NFPD Board of Directors at PO Box 262, Newcastle, CA 95658.
- If you have other issues relating to the payment of Measure F or Measure B taxes, please contact the NFPD Board at PO Box 262, Newcastle, CA 95658.

This draft just outlines the process for appeals. It does not address the criteria that the board will use to make adjustments to assessments. The criteria for adjustments will be determined at a later date.
