Propane Tank Plan

John Lewis,

Newcastle Fire District and Hunt & Sons Propane agree to the following:

- 1) 1000-gallon underground propane tank lease is \$150.00 per year
- 2) Installation is free - contractors for the station will dig hole, supply sand, install supply pipe and backfill. Hunt and Sons will supply 2 regulators, install meter if requested; hook up gas to the station, install anode bags, and fill tank.
- 3) Hunt and Sons will provide propane at normal residential pricing for 1 year from date of 24/7 staffing by Newcastle Firefighters. After the first year, propane will be 50 cents over cost.
- 4) If a meter is installed at no cost, a \$10.00 charge will be added for monthly readings and no sales tax will be added to the bill for filling the tank.
- 5) A 1000-gallon tank is available for installation between April 1 and April 8 based on CNW timeline. Colin will contact you with a better timeline and coordination of installation.

Thanks for your time and assistance,

Lawrence Bettencourt – Newcastle Fire District (916)-847-8919

Colin Culver - CNW Construction - (916) 297-2446

John Lewis - Hunt and Sons - (530) 957-7748

Brian Toppel - Newcastle Fire District Construction Manager - (530) 305-8724
